

PARAMESH KUMAR S

PROFESSIONAL SUMMARY

Web Developer and MERN Stack Developer (B.E. CSE, 2025) with experience building scalable full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in creating reusable UI components, optimizing API performance with caching strategies, and implementing JWT-based authentication. Demonstrated ability to work independently, write clean maintainable code, and align development with design specifications in Agile environments.

EDUCATION

- Bachelor of Engineering in Computer Science and Engineering
Erode Sengunthar Engineering College, Thudupathi — CGPA: 7.39, Graduation: 2025
- Higher Secondary Certificate (HSC), Class XII
Govt. Higher Secondary School, Karadadipalayam, Gobichettipalayam — Percentage: 82.8%, Year: 2021
- Secondary School Leaving Certificate (SSLC), Class X
Govt. High School, Kalingiyam, Gobichettipalayam — Percentage: 73.8%
Year: 2019

CONTACT

Location : Gobichettipalayam, Tamil Nadu – 638 453

Phone : +91 9360720594

Email : svpparameshkumar2004@gmail.com

LinkedIn : <https://www.linkedin.com/in/paramesh-kumar-s-047632249>

GitHub : <https://github.com/Paramesh-Kumar-2004>

TECHNICAL SKILLS

- **Languages :** Python, JavaScript
- **Markup & Styling :** HTML, CSS
- **Frameworks & Libraries :** React.js, Node.js, Express.js
- **Testing :** Selenium (Basic)
- **Version Control :** Git, GitHub
- **Databases :** Mysql, MongoDB
- **Stack :** MERN

HOBBIES

- Building coding projects and exploring new tech
- Strategy and role-playing video games
- Playing team sports, especially cricket

CERTIFICATIONS

- Full Stack Developer – Over-The-Air (OTA) Server Intern – Expleo Solutions Limited (Oct 21, 2024 – May 2, 2025)
- Python Developer Intern – NovaNectar Services Pvt. Ltd. (Aug 10, 2024 – Sep 10, 2024)
- Basics of Python – Infosys Springboard
- Python Foundation with Data Structures & Algorithms – iTronix Solutions
- Python Programming – Guvi
- Python: Zero to Mastery – Udemy

CAREER INTERESTS

- Web Development (Frontend & Backend)
- Test Automation using Selenium
- RESTful API Development & Integration

EXPERIENCE

Python Developer Intern at NovaNectar Services Pvt. Ltd. (August 10, 2024 - September 10, 2024)

- Designed a modular text adventure game with 200+ lines of Python code using OOP and branching decision logic, providing 5+ unique story paths.
- Implemented inventory management, combat logic, and outcome conditions, enabling complete end-to-end gameplay simulation.

Full Stack Developer Intern at Expleo Group, Bengaluru (Oct 2024 – May 2025)

- Engineered a dynamic frontend using React.js with Hooks, custom themes, and error handling, improving UI responsiveness by 30%.
- Implemented secure RESTful APIs (Node.js/Express.js) with JWT authentication, reducing unauthorized access by 100%.
- Containerized a full-stack web application using Docker and managed source control via Git/GitHub, streamlining deployment workflows and ensuring consistent builds.

LANGUAGES

- Tamil
- English

SOFT SKILLS

- Quickly adapted to remote and in-office workflows, maintaining consistent delivery on all tasks.
- Demonstrated ownership by completing 100% of assigned sprint tasks during internship.
- Collaborated in Agile teams, contributing to successful delivery of 10+ project modules.

PROJECTS

- **OTA (Over-the-Air) Update Management System**
 - Engineered a full-stack OTA update system (React/Node/Docker) with JWT auth, REST APIs, and Selenium testing, cutting manual updates by 70%.
- **SIL Automation Frontend**
 - Developed a UI for managing 100+ test scripts using HTML/CSS/JS, enabling real-time execution control and reducing test setup time by 40%.
- **E-Learning Platform Using Virtual Reality**
 - Created a VR-based e-learning interface and presented it to 100+ attendees during Engineers Day Expo, improving concept retention and student engagement by an estimated 30%.

CO-CURRICULAR ACTIVITIES

- Participated in 1-Day workshop on “You're Hired.” by IIIT, Kottayam.
- Participated in 1-Day workshop on “Learnathon” by Guvi
